

A new school for the École des Quatre-Vents!

St-Isidore, Friday, November 1, 2019 - The Conseil scolaire du Nord-Ouest (CSNO) is very pleased that an infrastructure project for the replacement of École des Quatre-Vents in Peace River was announced by the ministries of Education and Infrastructure.

The construction of a new school will finally solve the many infrastructure needs at École des Quatre-Vents, especially with regard to accessibility issues, access to a quality gymnasium, equivalent high school programming and many others.

This announcement comes after many years of advocacy on the part of the School Board and the community of École des Quatre-Vents. The CSNO thanks and congratulates the parents and students for their support and perseverance in obtaining this project.

The CSNO looks forward to the details regarding École des Quatre-Vents replacement project and thanks the Ministries of Education and Infrastructure for recognizing the critical needs of the community.
