

BOARD HIGHLIGHTS March 17, 2022, Regular Meeting **École des Quatre-Vents**

Presentation

The Conseil scolaire welcomed members of the École des Quatre-Vents school council, Mr. Olivier Bergeron, Mrs. Corey Nelson, as well as the principal, Mr. Dominique Jean. Monsieur Bergeron presented a report on the activities and issues of the school council. Their priorities include student safety during the new construction, improving aspects of school transportation, and student retention in high school. In addition, it is noted that there is a good student retention forecast for 2022-2023 and that there will be students at all levels from preschool to grade 12.

The School Board recognized that many of the issues raised are related to the lack of real equivalence in Francophone education. Trustees communicated they will continue to work and lobby to ensure the best possible quality of education at all levels. The Board concluded the meeting by congratulating and thanking the School Council members for their commitment to the school community.

of such agreements between the school board and the municipalities where its schools are located is mandated by the Education Act, as well as the Municipal Government Act. Such an agreement already exists in Grande Prairie for École Nouvelle Frontière and one will be developed with the Town of Peace River for École des Quatre-Vents.

School Council Day of collaboration

The CSNO held its first day of collaboration with members of the three school councils on February 24 in Peace River. This positive and dynamic meeting allowed participants to explore each other's roles and responsibilities, exchange best practices and strategies, and express ideas and wishes regarding the CSNO's Education Plan.

Consultation with school councils is a requirement of board policies and an essential component of the annual planning process. It is important for trustees and administration to offer authentic and constructive means of consultation such as this day of collaboration. Participants expressed their appreciation for this opportunity to engage and contribute to the development of the CSNO's Francophone school community.
